

■ iPad Interface

The canvas area is displayed widely, with an initial iPad optimized user interface. As with the Windows/mac OS version, the interface can be customized to adjust for individual drawing styles.

■ Full utilization of touch operations

While drawing with a pen, other functions such as swiping and color picking can be used through touch operations, providing a smooth drawing experience.

■ Improve your efficiency with the edge keyboard

The edge keyboard, displayed by swiping the display, can register shortcuts, enabling the immediate execution of frequently used shortcuts.

■ Japanese & Western fonts for manga included

The Japanese Iwata font as well as European fonts, typical for dialogue in manga & comics, are pre-installed.

■ Share data via AirDrop and iTunes for use on PC

Data created with the iPad version is fully compatible with the Windows/macOS version, and data can be imported with AirDrop or iTunes for finalization on the iPad or PC.
