Clip Studio Paint to be Bundled with Wacom’s Newest Cutting-edge Pen Display: Wacom One

Celsys, makers of drawing, illustration, comic, manga and animation software Clip Studio Paint, is partnering with Wacom, the leading pen technology, company to bundle an up to 6-month free license for the software*1 with Wacom’s newest cutting-edge pen display, Wacom One. Wacom One, bundled with Clip Studio, is slated to go on sale globally in January, 2020.

The Wacom One is a 13.3-inch pen display for beginner creatives, which provides 4,096 levels of pressure sensitivity, packaged with a digital pen that delivers a simple and intuitive user experience. With a larger active drawing area than standard small tablets or smartphones, the Wacom One enables to draw in details.

Clip Studio Paint, released in 2012, now enjoys over 6 million global active users*2, netting the Number 1 share of digital painting tools*3. Available in English, Japanese, French, Spanish, German, Chinese and Korean, Clip Studio Paint boasts a patented natural drawing feel and a plethora of useful features perfect for both hobbyist and professional comic and manga artists, illustrators, animators and creative studios. Clip Studio Paint is an indispensable tool in the arsenals of creators of all stripes worldwide.
