Creative Together! Connected Ink 21-hour Drawing Party will livestream creators' drawings worldwide from Wacom and Clip Studio Paint's official sites. Join the celebration with fellow creators and fire up a worldwide audience!

Over the duration of the 21-hour event, a total of 60 creators from all over the world will participate in the live-drawing, four creators at a time. Artists will appear online (via screen share/video call), allowing them to show off their techniques from the comfort of their own home, and viewers from all over the world can tune in and watch artists create a wide variety of illustrations. With the chat function, both can enjoy a sense of togetherness that only a live event can provide.

Surprise guests from various fields such as illustration, manga, and animation will also be participating! We're looking forward to your application!
