

Clip Studio Paint bundled with new Samsung Galaxy Book Flex2 5G laptop with S Pen Initial launch in Korea ahead of worldwide release

Clip Studio Paint, the illustration, comic, and animation software developed and distributed by Celsys, Inc., will be bundled with the new Galaxy Book Flex2 5G laptop computer sold by Samsung in Korea from December 21.

The entire lineup of Galaxy Book Flex2 5G models released in Korea offer access to one free year of Clip Studio Paint PRO*¹, so that users can begin creating immediately with the included S Pen. After the free offer has ended, customers will be able to purchase the One-time purchase version at a 20% discount.

Galaxy Book Flex2 5G

The Galaxy Book Flex2 5G is a 2-in-1 convertible laptop with a 360-degree rotating display that comes with an S Pen. With 4,096 levels of pen pressure sensitivity, it offers a smooth drawing experience just like drawing on paper. Creators can flip the screen into tablet mode using the 360-degree hinge to focus completely on creating.

To download Clip Studio Paint and obtain the software's serial number, users simply need to launch Clip Studio Paint START for SC, which comes preinstalled on the Galaxy Book Flex2 5G.

Clip Studio Paint is software for illustration, manga, and animation production used by more than 9 million people worldwide*². Known for its natural, pleasant drawing feel and versatile functions, Clip Studio Paint is used by a wide range of users globally, from digital art beginners to professional creators in the manga, illustration, and animation industries. The software has also been taken up by universities, vocational schools, and other art-related educational institutions.
